The Band of Sisters

brings a fresh take on **how to dismantle gender bias** and build an inclusive corporate culture.

Keynote summary:

Our unique approach focuses on the micro moments - the little things you didn't know mattered - and provides truly diverse perspectives, not "one size fits all" answers. Our work complements the academic research with decades of hands-on operating experience and real world examples. Our approach is designed to engage all genders through humor and storytelling - which we believe is the key to unlock action.

Target audience:

We speak to men and women, as leaders and witnesses, about becoming allies against gender bias in the workplace. We are trusted voices to tell the truth about corporate culture and make a difference in engagement and retention.
